Specifications:

- Swissaire Rigid Bags are available in 50%, 60%, and 95% efficiencies.
- Regardless of air flow speed or the angle of installation, it remains rigid.
- The Swissaire polyester media is a non-shedding progressive density media with a low pressure drop and unmatched dust holding capacity.
- Each pocket is welded around the entire perimeter with a minimum 1/4" seal.
- A 16 gauge galvanized header provides excellent strength and durability.
